SALT RHEUM IN WATER BLISTERS

On Hands. Red and Rough. Would
Crack Open and Itch and Burn.
Could Not Sleep.

**HEALED BY CUTICURA
SOAP AND OINTMENT**

"I had salt rheum on my hands. It came
in little water blisters which began to itch
and fester and then I was treated but it
did me no good. My hands
were red and rough and would
crack open and bleed and
they would itch and burn so
that I irritated them by
scratching, causing disfigurement.
I could not sleep and
I could not do work of any
kind."

"At last I sent for a sample of Cuticura
Soap and Ointment. The sample did so
much good that I bought one bar of Cuti-
cure Soap and one box of Ointment, and in
a short time I was perfectly healed."

Ex-Ambassador Is Severe on

**BIGGER NAVY
IS DEMANDED**

Professor Prince Urges a
Two-Power Standard
for the U. S.

Washington, D. C., April 11.—Declaring
that within the past year several hun-
dred American men, women and children
have been killed on land and sea, that
two states have been invaded by armed
forces and uniformed soldiers shot down
on American soil, David Jayne Hill yes-
terday launched a spirited attack on the
administration's foreign policy. He spoke
at a navy league meeting.

"Have we ceased to be a self-respect-
ing nation?" he asked. "Are we so fond
of ease, so fearful of personal danger,
that we can satisfy ourselves with empty
words? If not we must resolve that ev-
ery American resource of men or treas-
ure will be spent if necessary to vindicate
the personal safety of every American,
wherever their legitimate business or
the necessity of their situation requires
them to be."

Implying the time will come when the
United States will face Japan and Ger-
many in alliance, Prof. Morton Prince
of Tufts college, advocated a fleet for
the United States as big as any other
two nations combined, exclusive of Eng-
land.

Sydney Ballou, former supreme court
justice of the Hawaiian islands, declared
the United States now a fourth-rate na-
val power.

**MOVE HOWITZER 38
MILES IN 3 HOURS**

Trip Requiring Day and a Half by Horse-
Drawn Carriage Is Quickly Accom-
plished in Army Test at
San Francisco.

San Francisco, April 11.—Officers of the
coast artillery here expressed satisfaction
yesterday over a test made Sunday to
determine the value of the automobile
as a factor in coast defense. The 13th
company was rushed from Fort Miley,
on San Francisco harbor, to Half Moon
bay, a point on the coast where an en-
emy might land. The artillerymen took
with them a seven-inch howitzer
weighing four tons. The distance is 38
miles over a hilly road, and the trip
with horse would take, army officers es-
timated, about a day and a half. The
artillerymen, in motor cars, covered the
distance in ninety minutes and the gun
was only three hours on the way and
was ready for action fifteen minutes after
arrival.

Worth Knowing.
Women are liable to ailments which
cause constant ill-health and on which
they may consult doctors without much
relief. It is well worth knowing that
they can get at the nearest drug-store
a simple medicine, made of roots and
herbs, which is just what they need to
recover health. That medicine is Lydia
E. Pinkham's Vegetable Compound.—Adv.

TO CURTAIL DANIELS' POWER.
House Committee Agrees to Fiske Rec-
ommendation.

Washington, D. C., April 11.—Curtail-
ment in a degree of the authority of the
secretary of the navy, as advocated re-
cently by Rear Admiral Bradley Fiske,
one of the most radical of the Daniels
critics, was agreed upon yesterday by a
sub-committee of the House naval com-
mittee.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "Cal-
ifornia Syrup of
Figs"

Mother! Your child isn't naturally
cross and peevish. See if tongue is coat-
ed; this is a sure sign its little stomach,
liver and bowels need a cleaning at once.
When listless, pale, feverish, full of
cold, breath bad, throat sore, doesn't eat,
sleep or act naturally, has stomach-ache,
diarrhea, remember, a gentle liver and
bowel cleansing should always be the
first treatment given.

Nothing equals "California Syrup of
Figs" for children's ills; give a teaspoon-
ful, and in a few hours all the foul
waste, sour bile and fermenting food
which is clogged in the bowels passes out
of the system, and you have a well and
playful child again. All children love
this harmless, delicious "fruit laxative,"
and it never fails to effect a good "inside"
cleansing. Directions for babies, chil-
dren of all ages and grown-ups are plain-
ly on the bottle.

Keep it handy in your home. A little
given to-day saves a sick child to-mor-
row, but get the genuine. Ask your
druggist for a 50-cent bottle of "Califor-
nia Syrup of Figs," then look and see
that it is made by the "California Fig
Syrup Company."—Adv.

SOCONY KERO-SCENES

"Goodness, have you got one of those
oil heaters too?"

"Yes—in fact we've got two of them.
They're really awfully convenient for
warming up out of the way rooms and
for helping out in extra cold weather.
And in the Fall, they save coal because
we don't have to light the furnace so
soon."

"But don't they smoke terribly—
and smell?"

"Not if you get a good one—and use
a reliable grade of kerosene. Ours

are Perfection Smokeless Oil Heaters.
They never give us a bit of trouble."

"But how do you make sure of get-
ting reliable oil?"

"Ask your grocer for SOCONY
Kerosene Oil. Better look in his
window, too, the next time you are
down town and see whether he dis-
plays the SOCONY sign. SOCONY
is the name of the Standard Oil Com-
pany of New York's best grade of

ing and every gallon is exactly like
